

Case Study

Building Material Manufacturers

About the customer

- World leader in building materials, this company extracts resources from the heart of the earth to make materials to bring to the heart of life. Present in 64 countries, the Group responds to the world's demand for housing and infrastructure. Company is driven by the needs of its customers, shareholders, local communities and architects. The Group creates high value-added solutions which encourage creativity whilst leaving a lighter trace on the world.
- Company holds top ranking positions in each of its four divisions namely Cement, Aggregates & Concrete, Gypsum and Roofing. The group has taken a strategic decision to use PeopleSoft Enterprise One (JD Edwards) as its standard ERP Application for its worldwide operations.
