

Case Study

Laminate Manufacturers

About the customer

A leading provider of branded, designed surfacing solutions for commercial and residential customers worldwide. As the world's largest manufacturer of High Pressure Laminate (HPL), company's international network of design, manufacturing, distribution and sales operations maintains the recognition of this company as a global brand.

Modules Implemented

BPCS- iTAX integration program with Third Party Software for Tax & Excise Reports.

Project Duration

1 Month

Major pain areas addressed during the Implementation

- The company had two different registrations under the commercial tax authority. One is under Maharashtra and the other Registration under Gujarat State Government. VAT Return data has to be captured and filed to two different states Government Authority.
- Maintenance of E1 and Form-C Transaction for both purchase and sale transaction. This was achieved through creation of Customer / Vendor Tax Code and same has been mapped in the iTAX application.
